

2009 STARS OF LOUISVILLE SOUTHDOWN SALE

NOVEMBER 14TH, 2009 — 12:30 P.M. — HELD IN CONJUNCTION WITH THE NAILE, LOUISVILLE, KY

GENERAL INFORMATION

AUCTIONEER: Curt Overcash, Dixon, Illinois. **ELIGIBILITY:** Entries are accepted only on Yearling Ewes, Senior Ewe Lambs, and Junior Ewe Lambs. Yearling Ewes will be sold guaranteed bred. Lambs may or may not be exposed. Some entries may have declared show rights for the National Southdown Show and/or the Junior Breeding Show. Show rights on animals will be announced from the auction block. **TRANSPORTATION:** Every effort will be made to arrange transportation for sheep purchased in the sale. However, the responsibility for the transportation of sale animals rests with the buyer. If you are unable to attend the sale, it is strongly advised to have transportation arrangements made prior to the day of the sale. **SALE ORDER:** Sale order is determined by the average of the past three year's consignment.

LOT 9

Spring Ewe Lamb - Info show day

She will be either out of "Stretch" our Reserve Champion Ram at the All-American Jr. Show who sired this year's Reserve Jr. Champion ewe for us at the National Sale or Lewis F1-06 who sired the \$2000 March ram lamb at the National Sale selling to Howard and CJ Robinson and also the \$1550 Southdown wether at this spring's Premier 10 sale in IN. Another ewe lamb from this ram was Jr. Champion Ewe at the 09 Indiana State Fair. This was his first years lamb crop, can't wait until year #2!

LOT 10

Lewis F1-07 BD 11/1/07
Sire: "Big Ten"
Dam: Riehle ET6-02
In 2005, we sold a bred ewe at the Stars sale with the 2007 Reserve National Champion ram in her tummy, this year could be the same! This ewe is sired by "Big Ten," Champion ram at the 07 Ohio Sale selling for \$4500 from Spildes. Her dam was the 1st place Jan. ewe lamb at the 02 National Jr. Show and is a flushmate to "Traveler" 02 National Sale Champion ram selling to Carrol & MB Genetics then later was in the B&B Howard show flock where he was Reserve Sr. Champion Ram at the

03 National Jr. Show for them and sired their 05 Champion Ewe at the Louisville Jr. Show. Another flushmate was "Slice" National Junior Show Champion Ram and Top Selling Ram at the 2003 National Sale! She will be bred to Lewis F1-06 our 2nd place Sr. ram lamb at the 07 Louisville Open and Jr. Show who was out of B&B Howard 4111, who sired many champions for them. She will be ultra sounded the day of the sale. Come take a look or check our website out!

Mindy Gibson

Houstonia, MO
ph. 660-879-4447

LOT 11

Gibson 9077 RR Y1431 BD 3/7/2009 TR
Sire: Fielder 668 W8490
Dam: Freundt 4126 V 6004

LOT 12

Gibson 9078 RR Y1429 BD 3/7/2009 TR
Sire: Fielder 668 W8490
Dam: Freundt 4126 V 6004
These are triplet sisters out of Santana "Fielder 668" who was the sire of our Reserve Champion ewe a fall ewe lamb at Illinois spring sale and her twin sister was 2nd place fall ewe lamb at the National Southdown Sale in Sedalia. This set of young ewe lambs are really coming on and out of a very nice Freundt ewe. Both are RR. They are complete and very typey. Please take a look at them on our website at wyncrestfarms.com

MB Genetics

W4628 Hall Rd., Rio, WI 53960
ph. 920.992.6183 cell 608.347.5580
www.mbgenetics.com

LOT 13

MB Genetics 8-3 X 7919 BD 3/13/08 Twin
Sire: MB Genetics 4F-C V 7674
Dam: MB Genetics 4-2973 V 1781
A stylish yearling ewe, she is paternal 1/2 sib to our 2007 National Sale champion ewe and Mona Lisa. Dam is by The Edge and has "Decade's" dam on the bottom side. She sells bred to MB Genetics 8-52E1 (RR), a yearling son of Predestined and out of an Ambush daughter of the twin sister to The Edge.

LOT 14

MB Genetics 9-30 X 9777 BD 1/28/09 Single
Sire: MB Genetics 4F-C V 7674
Dam: Renaissance 60330 RR W 3424
She is a very thick, pretty headed ewe lamb by same sire as our yearling entry. Dam has Viking on top side and Jordan on bottom side of pedigree as well as Snowwhite genetics. RR at codon 171. Check our website after Nov. 1 for photos.

LOT 15

MB Genetics 9-63A1 Y 645 BD 1/29/09 Twin
Sire: MB Genetics 8-680 Image X 3856
Dam: MB Genetics 6-33A1 W 4641

Image was 1st Jan. ram lamb at 2008 NAILE making this ewe lamb a half-sib to John Jones' Supreme breeding sheep at the 2009 WI State Fair, Sharper Image. Her dam is by Ambush and out of a daughter of MB Klondike. Another great pedigree!

LOT 16

MB Genetics 9-7E1 X 8910 BD 1/28/09 Twin
Sire: Jennings 05-900 W 1037
Dam: MB Genetics 7-E-1 W 8970

Dam is by Predestined and out of Edwina (dam of The Edge) making this ewe genetically intriguing in a trendy phenotype that is wide based, expressive in muscle design from the point of the shoulder to the dock and down the leg. 900 has added a new dimension to our program.

Northern Starr

Prior Lake, Minnesota
952.445.6680 - NStarrLvk5@aol.com

LOT 17

NSLS 8516 – Bred Yearling Ewe
Sire: Wilwerth Ram
Dam: Sooner Ewe

*You have to bring your best to the Stars Sale if you want to compete. "8516" was in our show flock this year and placed in the top five in both the National Junior Show and the open show in Harrisburg, Pennsylvania. She is a daughter of the Willwerth ram and a Sooner ewe. We really want her in our show flock for Louisville, so show rights are reserved for the National Show on Tuesday. She is bred to NSLS 9108. He is a "New Generation" son that was champion ram at the National Junior Show in Harrisburg. **

LOT 18

NSLS 9115 – Ewe Lamb
Sire: New Generation
Dam: Renaissance Ewe

*Straight out of the top end of the show flock. A late February ewe lamb with a great future in the ring and on the farm. This "New Generation" daughter is out of a Renaissance ewe that is a half sister to the "Mother Hen" ewe. If you are looking for that great yearling for next year, here she is. But, we need to show her one more time! Show rights reserved for the National Show.**

* Full pedigrees available sale day.

All sheep are guaranteed breeders if properly handled. It shall be the responsibility of the buyer to return a non-breeder to the seller in acceptable breeding condition. The seller, after a fair trial and if the animal is found to be a non-breeder, shall have the privilege of replacing the ewe with one of equal value to the satisfaction of the seller, or refunding the purchase price. This guarantee shall not apply to any sheep that are shown subsequent to the date of the sale. All ewe lambs are exempt from the breeding guarantee the first year. 2. Notification of non-breeder ewes must be made to the seller prior to April 1 of the following year. 3. This guarantee shall constitute a contract between the buyer and seller only, and no other parties assume any liability, legal or otherwise, expressed or implied.

ASBA SALE WARRANTY: This sale has adopted the following policy approved by the American Southdown Breeders' Association. Every ewe consigned and sold in this sale or any sale sponsored or sanctioned by the American Southdown Breeders' Association will be warranted by the seller to be a non-carrier of hereditary chondrodysplasia (spider syndrome) under the following conditions:

HEREDITARY CHONDRODYSPLASIA SALE WARRANTY: After the date of sale, a buyer who wishes to have the benefits of this warranty must have the animal DNA tested at buyer's expense, to confirm whether or not the animal is a carrier of this genetic recessive condition. The results of this test must be received by the American Southdown Breeders' Association office directly from the laboratory no later than sixty (60) days after the date of sale. Any animal determined through this DNA testing to be a carrier shall be returned to the seller, the costs associated with the transportation of the animal will be equally shared between the buyer and seller. The seller, at the seller's expense, shall have the opportunity to have the animal re-tested. The results of this test must be received by the Association office directly from the laboratory no later than sixty (60) days after the animal has been returned to the seller. In the event there is a conflict in the results between the two tests, a third test will be immediately administered. The cost of this third test will be equally shared between the buyer and seller.

If the animal is confirmed to be a carrier, or the seller fails to provide the results of the re-test within the stated period, the seller shall refund the full purchase price of the animal promptly, with all fees and percentages levied against the animal retained by the sale. If a ewe is sold as exposed or bred, the resulting offspring will also be warranted if the buyer has the lamb(s) DNA tested, at buyer's expense, with the results received by the American Southdown Breeders' Association office directly from the laboratory no later than one hundred twenty (120) days after the birth of the lamb(s). If the lamb(s) is confirmed to be a carrier, the seller shall refund twenty (20) percent of the full purchase price of the ewe promptly, with all fees and percentages levied against the animal retained by the sale. Any buyer failing to confirm that an animal is a non-carrier for hereditary chondrodysplasia within the above deadlines, or failing to return the animal to the seller in an acceptable condition so that the animal may be re-tested, except the offspring of a ewe sold as exposed or bred, waives any rights under this warranty. This warranty does not extend to any offspring conceived by an animal between the date of sale and the date on which results of the DNA test are received. Furthermore, this warranty does not extend to any offspring conceived by an animal after the buyer has knowledge of a positive DNA test result. All DNA testing must be performed by the Association approved laboratory: Genmark. Any seller failing to comply with this rule shall automatically be barred from selling any sheep for five (5) years to this sale or any sale sponsored or sanctioned by the American Southdown Breeders' Association including the National Sale. This warranty and the remedies or damages it provides shall be exclusive. No other remedies or damages, including but not limited to incidental or consequential damages for lost profits, lost sales, or any other consequential loss, shall be available. All other warranties, express or implied, including the IMPLIED WARRANTY OF MERCHANTABILITY or the IMPLIED WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE are disclaimed and shall not apply.

This warranty shall constitute a contract between the buyer and the seller only. No other parties, including but not limited to the American Southdown Breeders' Association, Sale Management, and sponsoring organizations shall assume any liability, legal or otherwise, express or implied.

NEW

Each seller warrants to the buyer of the sheep purchased in this sale an RR or QR codon 171 marking. See Association Policy below for further details: Registered Southdowns of either genotype, QR or RR will be allowed to sell. Each consignor must declare and guarantee the genetic makeup of each of their entries with respect to Scrapie susceptibility (codon 171). Any registered Southdown may be sold as long as this information is provided at the time paper check-in prior to the start of the show for sale. DNA test results are not required and consignors may declare and guarantee the genotypes of their entries based solely on pedigree. Genotype information (QR or RR) will be printed on the sale order. Any buyer who wishes to have the benefit of this guarantee must have the animal DNA tested, at the buyer's expense, to confirm whether or not the sheep is as declared by the seller with respect to Scrapie susceptibility. Such testing must be performed within 60 days of the date of the sale. If a sheep is determined by the buyer's DNA testing to be of a lesser genotype than that declared by the consignor at the sale, the seller shall have the option of having the animal retested at seller's expense. The seller must arrange for such testing within two weeks of receipt of buyer's test results or a mutually agreeable timetable. In the event there is a conflict between the two tests, a third test will immediately be run with the cost of such third test to be equally shared by the buyer and seller. If the animal is determined to be a lesser genotype than declared by the consignor or if the seller fails to provide for a retest, the sheep shall be returned to the seller with the cost associated with the transportation being equally shared by the buyer and seller. The seller shall refund the full purchase price of the animal promptly, with all fees and percentages levied against the animal retained by the sale. This guarantee shall constitute a contract between the buyer and the seller only. No other parties, including but not limited to the American Southdown Breeders' Association, Sale Management and sponsoring organizations, shall assume any liability, legal or otherwise, express or implied. Sellers failing to comply with the spirit of these provisions will be subject to being barred from future ASBA sanctioned sales.

SUBSTITUTIONS: A bar beneath the number painted on the animal's back designates that it is a substitute entry, meaning the information about the animal is different than designated in the catalog. Check with the consignor for complete pedigree information.

NOTICE: The American Southdown Breeders' Association, Sale Management, any sponsoring organizations, or any sale consignors do not assume any risk or liability in case of any accidents of any kind or losses of any kind to any person or persons in attendance at the sale.

Fielder Southdowns

Mc Arthur, CA
530.336.1038 - ewedoc@yahoo.com

LOT 19

Fielder L102 - Jan Ewe Lamb
*Beautifully patterned ewe lamb from one of our best ewe families. She will produce for you.**

LOT 20

Fielder 805 - March Ewe Lamb
*This is the star of the sale. Just a super ewe. We have some fine ewe lambs this year, but none close to this one! Great bloodlines. She will make a great show yearling and brood ewe for years to come. Show rights reserved.**

LOT 21

Fielder 821 - April Ewe Lamb
*Once again---great ewe lamb! We were blessed with a great spring crop if lambs and this is one of the best late ewes born. Will show AND produce!**

LOT 22

Oldenburg 9072
Sire: 99-too
Dam: 2103
This February ewe lamb is one of the very few 99 daughters to leave our place. She is very elegant fronted, neat headed, while maintaining a neat rib, level hip and plenty of muscle. Don't miss this one!!

LOT 23

Oldenburg 9169
Sire: 2103
Dam: 2103
If you are looking for a wether producer here is your female. The double bred 103's have proven themselves year after year.

LOT 24

Oldenburg 9190
Sire: Goldfinger
Dam: 4111
This May ewe lamb may be young but does not lack in quality, she is big raked, big hiped, as most of the Goldfinger's are. Be sure to check out updated info and pictures on our website clublambpage.com/oldenburgfarms.
